RELEASE OF LIABILITY**

I hereby request that water service be provided to the premises designated below and in consideration thereof release the City of Plano (City) and all departments and employees affiliated with the City from any responsibility whatsoever for any damage which may occur when the water service is connected in my absence. I further hereby expressly assume any and all liability and responsibility for any damage or losses which may arise from said commencement of service.

I have been informed of the policy of the City that water utility services shall not be implemented unless an agent, representative, or principal is present at the site at the commencement of said water services, and I do hereby fully understand this policy.
