Let the Sun Shine In; Save Money

Learn to harness Texas sunshine and save money on home energy costs. The City of Plano hosts a free seminar to provide information about using solar energy at home – “Solar Options: Sunshine Powered Sustainable Energy.”

The seminar is part of the **Learn Green to Live Green** series and will be from 7 to 8 p.m. on Thursday, May 13th at Davis Library, located at 7501B Independence Parkway in Plano. Participants will discuss using solar power for heating water, generating power and lowering utility costs. Attend the seminar and discover options in solar power, funding sources, rebate programs and much more.

For more information visit livegreeninplano.com or contact Deb Bliss at (972) 769-4313 or debb@plano.gov.
